

ALCOCK

Imperial Industrial HSS Reduced Shank Drill Set

Ø9/16" - Ø1"

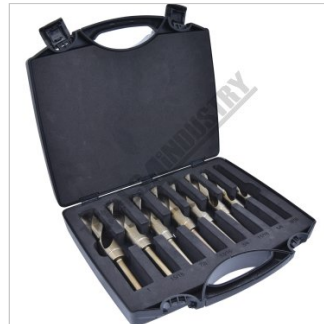

ALCOCK Imperial Industrial HSS Reduced Shank Drill Set

Imperial Reduced Shank Drill Set

9 16 1

Case

Description

Alcock drill bits are manufactured from M35 grade HSS including 5% cobalt, this high-grade material offers superior drilling performance and durability. Each drill bit features precision-ground flutes and a 135° cutting point angle, which is ideal for drilling in tougher materials while enhancing longevity and performance. The reduced shank design allows heavy-duty drilling using standard Ø1/2" capacity chucks, offering maximum versatility across a wide range of workshop applications.

This professional drill bit kit includes sizes from Ø9/16" to Ø1", all neatly housed in a rugged, organized carry case—making it the perfect addition to any workshop.

Features

- M35 Grade HSS including 5% Cobalt
- Ø1/2" reduced shank
- 8 Piece Set in sizes – 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16" & 1"
- Precision ground flutes
- 135° cutting point for drilling steels and tough materials
- Manufactured to DIN 345 Standard
- Bronze oxide finish to reduce friction
- Supplied in a deluxe plastic storage case

Specifications

ORDER CODE	D1181
Type	Imperial
Application	Industrial Set
Number of Pieces	8
Range (mm / Inch)	9/16, 5/8, 11/16, 3/4, 13/16, 7/8, 15/16, 1"
Reduced Shank Size (mm / Inch)	1/2"
Angle of Point (Degrees)	135
Standard (DIN)	DIN 345
Nett Weight (Kg)	2.2
