

TOOLMASTER

Broach Locating Pin - Toolmaster

Ø6.34mm x 103mm

TOOLMASTER Broach Locating Pin - Toolmaster

Description

Locating pin to suit Toolmaster 50mm cutters.

The spring-loaded pilot pin quickly picks up the location of the hole from a centre punch mark.

It also is used to eject the slug at the completion of the cut.

Note! It is not recommended to use the cutter without the pilot pin
