Side Grip Clamp

Description

Plier-Operated Fasteners – Side Grip Clamps

Side Grip clamps are designed to securely hold materials at the edge of the work area. They are ideal for temporarily securing workpieces during bonding, sealing, or gluing operations. These clamps are specifically engineered to hold two or more workpieces together where no pre-drilled holes exist.

Features

- Side Grip Clamps
- 1" Jaw depth
- ½" Jaw opening suitable for 0 – ½" material thickness
- Supplied in packet of 5
