### Description

The 2 axis LCD display counter unit is ideal on metal working and woodworking machines. This digital counter is designed specifically for convenient display of X-Axis & Y-Axis on machine tool movement when used with optional aluminium linear scales and measures in either metric or imperial. The display unit incorporates a magnetic backing for convenient mounting on metal surfaces enabling the user to position in convenient location for easy viewing. Precise depth control floating zero allows you to set "zero" anywhere within operating range with a push of a button.

## HAFCO 2-Axis Digital Display Unit
