## FRONTIER Frontier Clarity Clear Goggle glasses - CLEAR O4160

FE100

### Description

Protect your eyes with confidence on the jobsite or in any work environment with the Frontier Clarity Safety Goggles. Designed for comfort and engineered to meet Australian safety standards, these goggles deliver reliable eye protection for everyday use.

### Features

- **Splash-Resistant:** Provides splash protection to guard against liquids and workplace hazards.
- **Comfort Fit:** Lightweight, sport-style design with a wide field of vision and comfortable fit for extended wear.
- **Enhanced Lens Coatings:** Anti-fog and anti-scratch coatings help maintain clear vision in changing conditions.
- **Durable Construction:** Tough polycarbonate frame and lens stand up to daily use.
- **Versatile Use:** Suitable for indoor and outdoor work environments in construction, manufacturing, maintenance and more.
- **Certified Protection:** Meets AS/NZS 1337.1:2010 medium impact safety standards for dependable performance
