

METALMASTER TPD-3

Tapered Steel T-Dolly Set - 3 Piece

Polished Forming Surfaces for Consistent, Smooth Forming

METALMASTER Tapered Steel T-Dolly Set - 3 Piece TPD-3

Stand Shown With Optional Dollies

Description

Tapered T-dollies are used to form flanges and edges by hammering the metal with a hammer or slapper over the rounded part of the dolly. These dollies are smoothly finished to prevent damaging the material you are forming.

They're the same specialty tapered T-dollies auto body shops and fabricators use to form and shape sheetmetal flanges and edges.

Features
