### Description

The SHST-2.0HD is ideal for mild steel sheet metal up to 14-gauge or 2mm in thickness and has a deep throat of 204mm perfect for working sheet metal for automotive, motorcycle or aeroplane body panels. This new design low to the ground adjustable foot pedal helps assist the operator have much better control on manipulating the metal whilst in use.

The SHST-2.0HD is built extremely tough to handle shrinking or stretching sheet metal with ease at the full 2mm mild steel capacity.

This metal shrinker stretcher also has a sturdy floor stand with foot pedal control to actuate the dies allowing your hands to be free to properly work the material.

### Features

- 2mm mild steel capacity
- Shrinks metal for inside bends
- Stretches metal for outside bends
- Works on flanges up to 204mm wide
- User friendly foot pedal operation, lower to the ground
- Dies made from tough, hard & high abrasion resistant CR12 steel for longer life
- Bronze bushes & greasing nipples on pivot points for smooth operation
- Adjustment hand wheel to adjust die gap & clamp pressure
- Strong 3mm laser cut steel stand that provides a rigid working platform at an ideal height

### Includes

- 1 x set of shrinking dies
- 1 x set of stretching dies
