Description

This professional 7 drawer roller cabinet features top quality lockable drawer system, which is just what's needed to keep all those spanners, screwdrivers, sockets, files, pliers and other equipment in a neat and tidy arrangement, ideal for the workshop, garage, truck or ute.

Well built, but not overly heavy (until you load them up), fitted with smooth ball bearing drawer runners, and a soft drawer closure system to prevent accidental opening when manoeuvring around, with a wide selection drawers makes this a very versatile combination.

Give your tools the "Professional Garage Look" and keep them all neat and tidy and be proud to show them off.
