BuildPro™

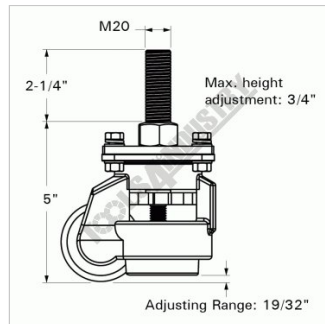

BuildPro Levelling Caster - 1 Piece

BUILDPRO BuildPro Levelling Caster - 1 Piece TMLC600

Shown on Leg

Drawing

Description

Your BuildPro™ table can be both mobile and fully stationary. These compact, heavy duty levelling casters are the simple way to move and level your BuildPro™ Welding Table. Turn the thumbwheel to lower the wheels and move the table. (Sold individually)

Mobility Caster: Durable caster rolls smoothly on precision ball bearings, with non-marking, non-marring nylon polymer wheels. Dual toe-step braking system can be set for “no-swivel + no-roll”. This caster will add 146mm to your total tabletop surface height.

Features

- M20 Thread
- 500kg Load Capacity
- 19mm Maximum height adjustment

Includes

- 1 x TMLC600 Levelling Caster
