

HAFCO WT3D-1212

1200 x 1200mm 3D Welding Table

6mm Steel Plate Construction

HAFCO 1200 x 1200mm 3D Welding Table WT3D-1212

16mm Holes with 50 x 50mm Hole Centres

Includes Base Plate Kit for Optional Castor Wheels

Description

Our deluxe range of self-weld welding tables feature components that are precision laser cut from 6mm steel, it has been designed with 150mm high sides along with 150mm inter-locking solid steel ribs to ensure the table surface remains flat during & after assembly. Complete with 16mm laser cut holes with an industry standard 50 x 50mm grid pattern making it the perfect solution for both welding and clamping applications.

Our deluxe range is supplied standard with 4 of 150 x 150 x 50mm welding squares, 2 of 200 x 50 x 50mm riser blocks to assist in fixturing of your welding projects. It comes complete with powder coated 50mm square tube steel legs complete with adjustable leveling feet ensuring a stable working surface, along with this we also supply caster wheel mounting plates for your convenience, simply cut the legs to match your desired working height, weld on the caster mounting plates & bolt on optional caster wheels to make your welding table a mobile welding station.

NOTE - THIS ITEM COMES FLAT PACKED & REQUIRES ASSEMBLY & WELDING. Additional equipment including a welder is required for assembly, please review our construction guide via our downloads for a list of the required items
