Description

The Haeco Woodmaster DC-90 Industrial Twin Bag Dust Extractor is the ideal unit for the professional workshop. The powerful 3.75kW / 5hp 415V motor, delivers an exceptional 3200cfm suction. Triple 100mm inlets allows for attaching up to 3 machines and fitted with dual 2 micron filter bags and collection bags, this unit will cater to the cabinetmaker cutting particle board and MDF, or the furniture maker using solid timber.

Features

- 3,200cfm air flow suction
- Heavy duty motor and solid construction to effectively handle the collection of wood chips and sawdust
- Ø355mm metal impeller, precision balanced and designed for maximum air flow performance
- 2 Micron, 1600mm high upper felt bags, offering optimum air flow efficiency
- Lower plastic see-through bags
- Quick-action bag clamps
- Triple Ø100mm inlets for attaching up to 3 machines
- Complete with 4-wheel castors for portability
- Made in Taiwan
