

HAFCO DCA-100W

Wall Mounted Blast Gate - Self Cleaning

Ø100mm

HAFCO Wall Mounted Blast Gate - Self Cleaning DCA-100W

Description

This self-cleaning blast gate can be mounted to a wall and clears itself each time it is opened/closed preventing a build up of debris, and preventing the gate from closing, which is a common cause of poor suction with dust extraction.

Features

- 100mm wall mount blast gate
- Self-cleaning design prevents the build up of debris
- Constructed out of rugged PVC
