Description

The Magnetic quick connect dust fittings provide an easy, effortless way to connect flexible hose to machines and tools. Even if you misalign them, the magnets are strong enough to self-adjust and lock in place.

Note: Sold individually and requires more than one to operate

Features

- Made from tough PVC
- Magnets embedded into each fitting
- Self aligning connectors for quick and easy connections

Includes

- 1 x 100mm (4") Magnetic Quick Connect one end and Ø63mm ID (2-1/2") Port on other.
