### Description

Manufactured in Taiwan, the CE Safety Compliant BP-480 is equipped with a powerful 1.5kW, 2hp brake motor and offers a cutting capacity of 465mm depth x 310mm height.

Safety is paramount, with CE-compliant features including a 2-second blade stopping time, interlocked blade guard doors, a magnetic NVR power switch, an emergency stop switch, and a keyed motor brake release for safe blade changes.

Balanced Ø480mm cast iron blade wheels minimise vibration for smoother operation, while two blade speeds (488 & 1010m/min) ensure versatility for both large and small tasks.
