Description

The OAV P30CE features an impressive 1600mm cutting capacity in front of the blade. Its heavy-duty 1600 x 315mm sliding table is robust and glides smoothly on precision slides. A panel frame supports larger boards, while a mitre fence with an extension and two length stops come standard.

A large 305mm blade powered by a 5hp 415V motor, provides a maximum cutting depth of 90mm at 90°. Additionally, a 120mm scoring blade, driven by a separate 0.75hp motor, delivers exceptional accuracy on laminated materials, effectively preventing edge chipping.

The main table is a rigid, precision-ground cast iron surface measuring 548 x 896mm, supported by a welded steel chassis with a durable powder-coated finish for long-lasting protection. A cast iron rip fence with fine width adjustment is paired with a long alloy extrusion fence arm, all mounted on a sturdy 40mm chromed steel rail. Rear outfeed and side extension tables made from thick gauge sheet steel are also included for enhanced versatility and support.

Features

- Main and scoring saw blade ensures tear-free cutting
- Ø305mm main blade driven by powerful 3.75kW / 5hp 415V motor
- Ø120mm scoring blade driven by 0.56kW / 0.75hp 415V motor
- Main blade spindle speed 4000rpm
- Scoring blade spindle speed 8000rpm
- Depth of cut: 90mm @ 90°, 63mm @ 45°
- 1600mm sliding table stroke
- 1300mm ripping capacity with smooth rip fence & adjustment
- Heavy duty aluminium extruded fence with 2 height options

HAFCO-WOODMASTER Panel Saw OAV P30CE

- Precision ball bearing main spindle tilts to 45°
- Cast iron main table with steel extension
- Durable extruded aluminium slide provides extremely smooth traverse, table is 1600 x 315mm wide
- Heavy duty internal mechanism
- Solid outrigger table with swing arm
- Easy access electrical controls on main frame
- Magnetic switch with overload protection
- Heavy duty overhead saw blade guard with dust collector port
- Industrial Taiwanese machine

Specifications

ORDER CODE	W740
MODEL	OAV P30CE
Blade Diameter (mm)	Ø305
Table Size (W x H) (mm)	548 x 896
Table Size With Extensions (mm)	1003 x 1726
Max. Depth Of Cut 90° & 45° (mm)	90 / 63
Scribe Blade Diameter (mm)	Ø120
Tilt Arbor To 45°	Yes
Sliding Table Stroke (mm)	1600
Cross Cut with Flip Over Stop (mm)	1400
Cross Cut with Extension Stop (mm)	1400 - 2600
Rip Capacity (mm)	1300
Motor Power (kW / hp)	3.75 / 5
Voltage / Amperage (V / amp)	415
Floor Space Required (W x D x H) (mm)	3650 x 3700 x 1450
Weight (nett) (kg)	607
